

# LEWIS ACCOMMODATION

41c Hungate · Lincoln · Lincs · LN1 1ES · Tel (01522) 510380

March 2008

We have used EPS for all our electrical requirements for the past 15 years, from the smallest of jobs to full house rewires and all our testing and certification needs.

Wayne and Brian have also handled project management on our major property renovation works.

With our large and ever increasing property portfolio we can only be associated with professional progressive companies like ourselves who can deliver a constant high level of service at a competitive rate.

E.P.S always meet and often exceed our high level of expectation.
