St Mary's Street Lincoln LN5 7EQ

Wayne South/Electrical & Property Services

February 2008

I've known Wayne for many years he has always given good service, no job is too small, yet he treats every job with the same enthusiasm

At St Mary Le Wigford Church as with many ancient buildings lighting needs to have regular attention, and giving advice to save money on electricity.

Thanks for looking after for us

I would certainly recommend Electrical Property Services to anyone. Including Brian who also does a great job.
