To whom it may concern,

We have had a long association with Wayne South and his company EPS, both professionally and personally.

He is always ready to advise and attend. Wayne and his team are consistently easy to contact and they deal with every situation or job, whether large or small, with speed, efficiency and quality of service.

We recommend him to our clients and have used his services within the Company for many years.

Thank you Wayne, your service is greatly appreciated by the Partners, management and staff.
